# **Professional Summary**

Highly motivated and detail-oriented Computer Science Engineering student with hands-on experience in full-stack development, frontend design, and backend database integration. Adept at building responsive, user-centric applications using modern technologies like React.js, Node.js, .NET, and MySQL. Demonstrated ability to work collaboratively in team environments during internships and academic projects. Passionate about developing scalable and secure applications that solve real-world problems.

### **Technical Skills**

- Programming Languages: C/C++, Java, JavaScript, PL/SQL
- Web Development: HTML, CSS, React.js, React Native, Node.js
- Backend/Database: MySQL, MongoDB, .NET
- Tools/Frameworks: Visual Studio, Git, GitHub
- Other: REST APIs, Responsive Design, Version Control (Git)

### **Education**

Bachelor of Technology (B.Tech) in Computer Science & Engineering

AKS University, Satna

2022 – 2026 | CGPA: 7.9/10

## **Internship Experience**

Full Stack Development Intern

Main Flow Technology

Duration: 2 Months

- Contributed to full-stack web development using modern technologies such as HTML, CSS, JavaScript, Node.js, and MongoDB.
- Participated in both frontend design and backend API integration.
- Improved the responsiveness and performance of internal web tools.

## **Projects**

### **E-Learning Website**

Tech Stack: HTML, CSS, JavaScript, MySQL

- Developed an online learning platform with course listing, user authentication, and feedback forms.
- Implemented responsive design and database interaction using MySQL.

### **Home Service Finder App**

Tech Stack: VB.NET, MySQL

- Developed a desktop-based app to connect customers with service providers like electricians and plumbers.
- Implemented login/registration, service provider module, feedback, and admin panel.

#### Job Portal Website

Tech Stack: React.js

- Built a modern job portal with job search, applicant dashboard, and company registration.
- Designed reusable UI components using React.

### **Achievements & Interests**

- Active participant in college coding contests and hackathons
- Interests: Reading Books, Bike Riding, Playing Games
